## Wolverine girls off to fast start on the court, boys and girls play Northside today

The Andrew Lewis Middle School basketball teams will both be in action today with games against Northside. The boys will be at home at 5 pm and the girls are at Northside, same time.

Both teams played host to Blacksburg on Tuesday, but results were too late for publication. The girls came into that game at 3-0 after winning their first three games against Read Mountain, 50-19, Hidden Valley, 62-2, and Cave Spring, 48-7.

Maddie Smith and Zoe Robtison led Lewis in scoring while My'la Green, Daisy Ann Dawyot and Ryan Long were strong on the boards.

"The girls are coming together and continuing to get better each day," said AL coach Nat Franklin. "We've got a good mix of returning players and new players that enjoy playing together and competing."

The boys have lost their first three against the same opponents, including a 47-19 loss at Cave Spring on Tuesday. Clayton Davidson led Lewis in scoring.

"We struggled to get things going offensively along with taking care of the basketball," said coach Brandon Keith. "We will continue to find ways to provide much needed growth to our young team."
